

COOL LEADER

ACHAL BAKERI, FOUNDER, CHAIRMAN & MANAGING DIRECTOR, SYMPHONY LIMITED is a game-changer in the industry of environment-friendly products and is the founder of the World's largest air coolers company- Symphony Limited. The company under Bakeri's leadership, since 1988, has remained close to the idea of its conception – design and efficacy. His entrepreneurial advancements have created infrastructural presence in over 60 countries all over the world thus making Symphony a true indigenous Multi-National Company. Driven by innovation and technology, Bakeri has led Symphony to create significant value assets with 8 patents, 49 registered designs, 108 trademarks and 7 copyrights. Bakeri has been the advocate for green

and environment friendly cooling solutions and popularised the aesthetically and ergonomically designed evaporative coolers in the residential, commercial and industrial segments. The immense adoption of the products in a formerly unorganised sector has made Symphony synonymous to 'cooling'. Bakeri has received several awards in entrepreneurship and leadership. He has been associated with various professional bodies, academic institutions and public charitable institutions. He is an architect and a graduate in Master of Business Administration (University of Southern California).
