Bank of India, in its recent monetary policy review, maintained the key lending rates on account of rising retail inflation. The central bank's target for retail inflation is set within a band of +/-2 per cent. As per the data, the CPI YoY inflation rate for vegetables and pulses jumped by 11.29 per cent and 15.92 per cent, respectively, in July. Furthermore, meat and fish prices rose 18.81 per cent and eggs became dearer by 8.79 per cent. In addition, the fuel and light category under CPI rose by 2.80 per cent. "Clearly, the larger concern is the impact of consistently high food inflation on core inflation through cost push factors; the relatively high figure for transport and communication is a reflection of high tax driven fuel prices and increase in telecom tariffs," said Suman Chowdhury, Chief Analytical Officer, Acuite Ratings & Research. "We believe that inflationary concerns may lead to a delay in further rate cuts and can raise.
