Dear Sir

Re. : Increase in MRP of Air Cooler models

To cope up with the inflationary effect on cost of materials and various overheads, the company has resorted to upward revision of 5% to 15% over the present M.R.P. depending upon the model of air cooler.

With this revision in pricing, the company is confident to sustain its profitability during the year 2013-14.

This is for general information of the investors and analysts.

Thanking you,
For **Symphony Limited**

Chandrakant Gandhi
Company Secretary
