

Symphony's new range

Symphony Ltd, a leader in evaporative air coolers, has launched its new range of air coolers powered by energy efficient BLDC technology. They consume upto 60 per cent less power compared to other coolers which result in energy savings up to Rs 2000 per year. The company has launched three models in the BLDC range with 80 litre, 55 litre and 30 litre water tank capacity. The coolers come with seven speed options.
